

Production office

Our Production Office slide-out trailer offers a bright, air-conditioned workspace tailored for production crews who need a calm and organized environment on set. Built with one slide-out extension for added interior width, it comfortably accommodates 8 working stations, ensuring that producers, coordinators, and office staff can perform their tasks efficiently.

FEATURES

- 8+2 working stations
- Private producer's room with 2 separated working stations and a sofa
- Kitchen area
- Copy machine
- Wi-Fi
- Air-conditioning
- Desks and chairs
- Built-in cabinets and drawers
- Blackout blinds
- Two step access with handrails
- Interior & exterior lighting

A private producer's room provides two additional workstations in a more secluded area, ideal for producers, executives, or sensitive tasks requiring privacy.

The main area features desks and chairs, built-in cabinets and drawers for storage, Wi-Fi, and a copy machine – everything essential to keep your production team running efficiently.

There's also a compact kitchen corner equipped with a sink (hot and cold water), fridge and microwave.
